IMPORTANT

Inseason stocking schedules are subject to change without notice.

The meeting time listed in the schedule is an approximate time that the stocking truck will arrive at the meeting location. Due to unforeseen travel conditions, the truck may arrive prior to, or later than, the designated time. Upon the truck's arrival at the meeting location, the truck will leave the meeting location and travel to the water area where the trout stocking will begin.

It is important to minimize the time that the trout spend in the stocking truck and ensure the fish are placed in the stream or lake as soon as possible.

The public is welcome to aid in stocking.

Plan to arrive at least 30 to 45 minutes prior to the listed meeting time to guarantee involvement and interaction.

For the most current stocking schedules
visit the PA Fish and Boat Commission website at:

www.fishandboat.com

for additional information.
